PROFILE

I am 22 years old and a graduate of the architectural technology program at Sait School of Construction. I was raised on an acreage in Spruce Grove but now call Calgary my home. I am an invested seeker of knowledge and enjoy solving complex problems in the most efficient yet effective way possible. I have a strong work ethic as well as high energy, communication skills, attention to detail, and professionalism.

RELEVANT EXPERIENCE

LANDSCAPE AND CONSTRUCTION LABORER

5 Star Landscaping and Construction/ Spruce Grove / 2014-2017

I was responsible for a team of three laborers and trusted to work independently frequently as well as deal with material suppliers on a daily basis. My design input was considered and sometimes taken to be applied to the overall completion of the project. Application of construction practices and building techniques.
